City Housing Units Show 2034 Gain

30 New Apartment Blocks Here During Past Year

Edmonton's housing accommodation increased by 2,034 units in 1948 according to census figures released today by the city assessor's office.

The census shows a total of 26,687 dwellings of all types which contain 53,376 separate dwelling units.

In 1947 the total of dwellings of all types was 24,653, containing 51,342 dwelling units.

The 1948 figures showed there were 2,034 single family dwelling units in 1948 compared with 2,346 in 1947, an increase of 1,603.

Of the single family dwellings in 1948 a total of 17,601 were owner occupied and 7,147 were rented.

There were 17,601 single family houses listed in the 1948 census located north of the Saskatchewan river and 7,304 on the South Side.

A total of 12,708 of the north side dwellings were owner-occupied and 4,983 rented. Of the South Side total 1,196 were owner-occupied and 5,144 tenanted.

In 1947 there were 16,854 single family dwellings located north of the river and 6,494 on the South Side.

APARTMENTS INCREASE
There were a total of 559 apartment blocks in 1948 with 5,471 accommodation units. This compares with 541 blocks and 5,127 units in 1947, providing 3,444 dwelling units.

Temporary dwellings in 1948 totalled 331 supplying 991 beds, compared with 296 in 1947 giving 822 accommodation units.

Semi-detached, duplex and other multiple structures accounted for 1,000 of the total of dwelling units and provided 1,420 accommodation units.

In 1947 this type of housing totalled 620 and provided 1,305 accommodation units.

New TB Wing To Be Started Immediately

Construction of a \$100,000 tuberculosis wing to the Oliver mental hospital is to start at once, Hon. Dr. W. W. Cross announced today.

The new wing, provided in the estimates approved at the 1948 session of the legislature, will accommodate 100 patients who are suffering from tuberculosis.

Those patients are now in separate wards, Dr. Cross said.

He said it is hoped to construct another tuberculosis wing in the future.

It is planned to establish this section of the mental hospital setup entirely at Oliver, he said.

Buildings which do not contain complete apartments are listed as single family dwellings irrespective of the number of families that may be temporarily occupying them.

PROMOTION OF Robert R. "Barney" Phillips to manager of CP Airlines Western Lines is announced today.

A veteran of 14 years service with CPA, Mr. Phillips will have jurisdiction over both central and B.C. districts. Up to his recent promotion he was general superintendent for western region.

Coal Production Off In September

Alberta coal mines produced 9,818 tons less coal in September 1948 than a year ago, according to a statement released today by the province.

Sub-bituminous fields in the province produced 13,000 tons more in the month, but drop in production for bituminous areas was more than 22,000 tons.

The first of the year production of coal in Alberta has dropped 334,000 tons to 5,396,000 tons.

22 Civic Land Sales Will Mean 47 Houses

During the past two days 22 land sales were made by the civic land department at a total price of \$16,500, from which will flow a building program estimated at \$341,000.

A total of 47 houses will be erected as a result of the sales. Estimated value of these dwellings is \$330,000.

Jeannie Urquhart, 1141 125 street, purchased three lots on the east side of 124 street south of 107 avenue at the site of three houses, each costing \$6,500. Purchase price of the property was \$126,000.

Takes Six Lots
Peter Wenger, 16097 124 street, bought six lots on the north side of 79 avenue west of 99 street at which he will erect houses costing \$6,000. Purchase price of property, \$17,700.

Champion and Smith Inc., Long Angeles, paid \$11,000 for 10 parcels of land on the north side of 142 avenue east of 104 street at the site of a warehouse and oil well supply depot.

Machine Corporation and Repair Ltd., paid \$800 for part of the south west corner of 107 avenue and 142 street at the site of a \$7,000 warehouse.

FOR 17 DWELLINGS
Albert Wenger and Charles MacLachlan, 11131 88 avenue, purchased 17 lots for \$10,000 on the north side of 117 avenue and 117 street at which 17 dwellings will be erected each costing \$1,500. The properties are located on the north side of 117 avenue and six lots are located south of the avenue on the same street.

Ronald Otto, 9661 85 avenue, purchased 17 lots for \$10,000 on the north side of 81 avenue east of 97 street for \$2,450, on which he will erect seven houses the cost of which ranges from \$6,000 to \$10,000.

BUILDING SITES
William Kruger, 10303 137 street, bought two lots on the south side of Jasper avenue, east of 117 street, for two store buildings with apartments on the second story. Purchase price of the property was \$2,150 and estimated cost of the structures, \$15,000.

Nine building permits were issued Tuesday for the erection of houses to the value of \$38,500.

Walter Aldrich and Herman Popkey, 10514 124 street, took up a permit covering erection of a two-story concrete block office building at 10340 112 street. Estimated cost of this structure is \$10,000.

Insurance Official Visits Edmonton

Visit to the Leduc oil fields indicated the annual inspection trip to Northern Alberta by J. K. Macdonald, Toronto, president of the Confederation Life Association.

Mr. Macdonald is accompanied on his Western trip by W. J. Farmer, independent of the bond investment trust of the company and R. B. B. The conference will cover mortgage investments.

They are conferring here with division manager.

Group Meets
Alberta representatives of Scotch Rite bodies throughout Alberta met Tuesday at the Masonic Temple.

The conference will continue for two days.

THREE SAFETY AND FIRST AID school "students" display proper all-around arrangements for arm fractures, while James Thompson, instructor, lectures to class who put on the slings. From left are George Irons of Rocky Mountain House, Mrs. Ann Braasard of Jousmeil, and Robert Wahlstrom of Slave Lake.

Development Of Oil Shows Fast Progress

Oil development and exploration is going ahead at a rate which is unprecedented in the history of the province.

Figures released by the Alberta Petroleum and Natural Gas Conservation Board reveal that all Alberta drilling records are being broken.

During the first eight months of 1948, total footage drilled in all areas of Alberta exceeded the total for any other year.

DRILLING AHEAD
Up until the end of August, drilling totalled 187,571 feet, as compared to 182,330 for the 1947 annual total.

Of the 1948 total, 73,764 feet was marked down as development drilling, with 229,807 labelled as exploratory.

Development drilling totalled 55,121 feet in the Turner Valley field and 54,648 in the Leduc-Woodbend fields. Total in all other oil areas was 13,997 feet. Development drilling for gas totalled 28,722 feet.

During the month of August this year, the total footage drilled was 196,758, which was 15,588 feet greater than the previous record established in June of this year.

DOUBLES 1947 TOTAL
The eight-month total of this year is nearly double that of the same period last year.

Total recorded drilling footage in Alberta is now 827,138 feet, the work being done over a period of approximately 50 years.

"DROWNING VICTIM" Robert Wahlstrom of Slave Lake, lies on the "Eve" respiration board as St. John Ambulance Association instructor James Thompson shows proper method for artificial respiration. Board is tethered at a rate of 12 times a minute to restore breathing.

First Aid Instruction For North Workers

Loggers and woodworkers in remote logging areas throughout the province these days are getting a better break so far as emergency medical attention is concerned.

In an industry known for high accident rate, injured men can now look to their fellowworkers for help in time of injury and sickness.

The St. John Ambulance headquarters here, 20 picked men and women from camps and wood-working plants from as far west as Slave Lake are engaged in an intensive, five-day first-aid course.

It is the second annual session of the Safety First Aid school, launched last year by the Workers' Compensation Board in conjunction with St. John Ambulance Association and the Alberta Forest Products Association.

When candidates complete what normally requires a six-week period of instruction, they will have digested the 200-page handbook on first-aid, taken practical instruction with setting broken bones, blood poisoning, drowning, respiration and coping with a multitude of other hazardous threats connected with remote areas.

PASS EXAMS
Then they will face two Workers' Compensation Board physicians who will subject them to a rigorous examination qualifying them for first-aid certificates.

"It's a short course, but one of the most valuable in the world," declared 35-year-old John Koshan, a settler at a settlement called Flatbush 100 miles north of Edmonton.

Koshan was interviewed with his left arm in a splint and his head swathed in bandages, a casualty of the classroom.

Also with a splint on her arm was pretty, brown-eyed Mrs. Ann Braasard who travelled all the way from Jousmeil in the Peace River district to take the course. Ann works as a clerk for her husband's logging company, and is one of three women studying for their certificates.

STUDENTS GOOD
F. C. Rogers, the Board's assistant safety supervisor, stated that there is a pleasant way to get home from a logging camp. "If you can't get home, you can't get home," he said, "but if you can't get home, you can't get home."

Young Exhibitor Cops Champion Ewe Award

Veteran exhibitors in the purebred sheep show sponsored by the Edmonton Exhibition Association.

However in the Southdown class, a youthful exhibitor, Miss Mary Armstrong, Rochester, showed the champion ewe in the class.

The championship in the ram class went to the Condor exhibitor, Harry V. Rice.

W. R. Corah, Manitowish, exhibited the champion in the Suffolk class, and A. Matkela, Ponoka, showed the champion in the Hampshire class.

SWEEP BOARDS
Tom Reed Jr., Edmonton, swept the boards with his entries in the Oxford class and Robert Geighly, Strathmore, and Mr. Corah shared honors in the Hampshire class.

FRONTIER NIGHTS, a two-day celebration jointly sponsored by the Sexsmith BPO Elks and Canadian Legion on Oct. 22 and 23, is reported as being the most successful affair of its kind ever held at the famed grain capital of the British Empire. Shown above are the Sexsmith Elks and Canadian Legion members who drew a "whisker crop" for the occasion. From left to right are: (front row) G. M. Williams, W. A. Brown, M. Boyd, A. F. Menzies, president of the Sexsmith Board of Trade, C. A. Anderson, R. H. Foster, Jack Campbell and C. L. Larson; (middle row) N. McGowan, H. A. R. Knight, J. Murdoch, Nels Johnson and G. T. Cameron; (back row) J. MacLennan, J. J. Duda, E. V. Spicer, J. Thorne and C. J. Leonard.

Western Millers Seek Share Of Canada's Flour Exports

WETASKIWIN, Oct. 28.—Norman A. MacEachern, of the MacEachern Milling Company and president of the Western Milling Association, has just returned from conferences with the department of Trade and Commerce and the Wheat Board in Ottawa, as well as a special meeting of milling company heads, held in Saskatoon. He is hopeful that arrangements may yet be made by which western millers may obtain a share of the export business which will keep

Killam Carnival Nets About \$800

KILLAM, Oct. 28—Annual memorial carnival, sponsored jointly by the Killam District Board of Trade, the Curling Club and the Canadian Legion, was held at the Killam rink last Wednesday and Thursday. A good crowd of young and old attended each night, and all reported that the evening was fun was enjoyed by all.

A good variety of games of skill, including pool, billiards, and shuffleboard, were available. Vocal and instrumental numbers were given by Miss Joan Robinson, Miss Margaret MacIsaac, Jacoba, Barbara Ann Fox, and

Mr. MacEachern points out that in the long run the mill will be a benefit to the community because the mill is practically the sole employer in the town, and if the mills are forced to close, the town will immediately face an unemployment situation. Furthermore the mill is a source of income for the lumbering industry as farmers will no longer be able to "main-mill" their own lumber.

"However, he thinks there is a possibility that the mill will increase their present contract for 1960, which stands at \$450,000 long, to \$500,000, and is now approximating the contract for last

Donald Vagt. It is estimated that the net proceeds from the two nights will amount to approximately \$800. Wm. Schulte was the winner of the ton of coal.

Mrs. Grace Vandervoort was the grand prize winner. Other winners were:

year which was 750,000 long tons.

Mr. MacEachern says new business using 20,000,000 bushels of wheat will have to be found if the western millers are to equal their low grind of last year.

Plant Managers Exchange Positions

HIGH PRAIRIE, Oct. 28—Power plant manager for Northland Utilities, Ralph Lovlin, of Dawson Creek, B.C., was married here last night. Lovlin will take over the plant here and Albert Harrison was transferred to Dawson Creek as operator at that place.

VEGREVILLE PLANS PAVING OF STREET

VEGREVILLE, Oct. 28.—A program of street paving covering several of the main business streets is being formulated by a committee of businessmen in collaboration with the town council.

An asphalt product of T. J. Pounder and Co., of Calgary, known as "Colas" is being considered for surfacing. This product is manufactured by the company's plant at Lloydminster. An expenditure of possibly \$50,000 is contemplated.

Home and School Assoc. Mooted

TROCHU, Oct. 28.—Parents met with the teachers in the

Valley School Friday evening
to discuss the organization of a
Home and School Association.
F. M. Traub, principal of the
Trucha Valley high school, acted
as chairman and explained some
of the aims and benefits of such
an organization.
All present were in favor of such
an organization and it was decided
to hold a meeting some time in the
near future. A guest speaker will
be present to give additional de-
tails of the work that could be
accomplished.

Grain Club Holds Achievement Day

MORINVILLE, Oct. 28.—Members of Riviere Qui Barre Junior Grain Club recently held their achievement day in the form of a grain fair in the parish hall.

TRUCK BREAKS THROUGH BRIDGE

HIGH PRAIRIE, Oct. 28.—Bissel Bros. truck, hauling lumber from north of Muskogee to Enlida, broke through the mile long wooden bridge at Grouard, and only the length of the lumber load prevented the truck from crashing into the waters of Lesser Slave Lake below.

Dept. of Public Works at High Prairie rushed a crew under William Knibb, to the spot and by 2:30 a.m. the next morning the fire was under control and the firemen were on their way home. Two stringers and 20 ft. of plank were broken, the cause of the accident being, no doubt, an extra heavy load which had passed over the bridge. The cause of the accident is the entry of the River truck.

Jasper Tag Day Raises \$98.07

JASPER, Oct. 28.—Tag Day for hospitalized veterans sponsored by the Women's auxiliary to the Legion, BHSI, resulted in collections amounting to \$507.15.

Misses Edna and Donna Campbell topped the list as canvassers but every girl is to be congratulated on a thorough systematic canvass of the town.

The committee in charge is grateful to all who contributed in any way to this worthy cause.

—

Members to improve their methods of raising seedling better grains and employ the latest methods and soil conservation. The growing of forage crops was strongly advocated.

Mr. Fontaine announced the winners of the branding iron competition as follows: Furber, Melvin Hodder. He thanked those present for coming to the seed fair and hoped they would be back next year.

Red Deer Council Raises Rentals

RED DEER, Dec. 28.—(CP)—A five per cent increase in rents on city-operated emergency housing suites was authorized by city council Monday. The boost follows relaxation of rental control regulations announced in Ottawa last week. Rents on the eight city-owned suites will be increased from \$7 a month to \$7.35 a month. Another nine suites formerly bringing in \$52 a month will now rent for a \$53.60 monthly rate.

City council also authorized submission of a plebiscite on hospital admission expenditures at the civic elections Dec. 13. The plebiscite, in the form of a money blywa will

city to borrow \$200,000 for the addition to the Red Deer hospital.

**Innisfree Sale
Draws Big Crowd**

INNISFREE, Oct. 28.—Recent auction sale of Stanley Dulaba, prosperous farmer in the Innisfree district, created widespread interest and attracted a notably large crowd.

Prior to the sale, a large farewell party was held at their home where

paid final tribute to the family.

Friday, Oct. 22, marked the official opening of the "Smart" Coffee Shop, operated by Mr. and Mrs. Metro Smart.

End of Recording Ban Seen in Near Future

NEW YORK, Oct. 28.—(AP)—The recording ban was raised yesterday by a resumption of negotiations between officials of the record companies and James C. Petrillo's musicians' union.

The ban has been in effect since Dec. 31 when the old contract be-

tween the record companies and the AFL American Federation of Musicians expired. The Taft-Hartley labor law prohibited a new contract continuing the previous arrangement under which royalties were paid directly to a union welfare fund on each record sold.

The New York Times reported that the musicians' union and record companies had reached agreement on "major terms" of a contract.

The Times said it had learned the contract would be submitted in the next few days to the department of justice for an opinion as to its legality under the Taft-Hartley law.

If approval is forthcoming from Washington, the Times added, "the first new records to be made in 18 months will reach the market in a matter of days."

Train Passes Over Man; Hurts Minor

EDMUNDSTON, N.B., Oct. 28.—(CP)—After escaping death when a locomotive and six cars passed over him yesterday, Joseph D'Amore, 36, a railway brakeman, was brought to hospital in Edmundston last night from Monk, Que., for observation and X-rays. He slipped on an icy tie and fell between the rails. An examination showed only a broken rib and lacerations.

Butter Prices Off

CHICAGO, Oct. 28.—(AP)—Wholesale butter prices yesterday dipped to 54¢ cents a pound, the lowest point since April 29, 1947. One large retail chain announced it would cut butter prices in Chicago today to 56 cents a pound, compared with yesterday's price of 58 cents.

Hooey Found Fit To Stand Trial

OWEN SOUND, Ont., Oct. 28.—(CP)—A jury decided last night that Arthur Hooey, 23, is fit to stand trial for murder in the slaying death March 8 of Alan Cowan. The trial is scheduled to start today.

On the other hand, a survey by the commission of 13 manufacturers indicated that profits on low-priced women's clothes are proportionately heavier than before the war and have contributed, with increased costs, to higher selling prices.

Peace River Coal Wealth Is Told

200 Million Tons in Small Area, C of C Members Hear

By Forbes Rhude

VANCOUVER, Oct. 28.—(CP)—Finance Minister Amos of British Columbia, addressing the annual dinner of the Canadian Chamber of Commerce last night, said that diamond drilling has shown 200,000,000 tons of coal in one very small area of the Peace River district.

VALUE TO BRITAIN

"Think what Britain would have done, on her own island, if she had had the timber of British Columbia, with the copper, lead, zinc and gold, plus the fisheries and the agriculture of the province, or what a vast population would have been added to the British Isles if the rich farming lands, timber and natural resources of either Quebec or Ontario had been part of the heritage of the British people."

He added: "May I suggest that we should assume, despite all the difficulties through which the world now is passing, that we shall have no immediate war and that the English-speaking people of the world which represent the great democracies of the world, are not going into a 'decline' or 'fall' before the onrush of a pan-slavic union or anything resembling one."

PROBLEMS OF CANADA

"From the viewpoint of geography, Canada is the most strategically placed country on the face of the earth today."

"Perhaps one of the most forward-looking problems facing Canada is the problem of securing British industry to locate in the Dominion. It may be necessary for the protection of Britain herself—by that I mean the extent of having whole industries and working forces shifted from the United Kingdom to Canada."

"I know it is now said that the British government does not wish to see its manpower leave its shores, but that condition may not always be true."

NO WEAKENING WANTED

"There must not be, of course, the slightest thought of weakening Britain. But Britain is more than bricks and mortar. Britain is an ideal—a living ideal. . . . Britain might well disperse some of her physical plant and some of her people in a program to preserve Britain and all the things for which she stands."

In Canada, said Mr. Amos, have seen for many years the pull of the industrialized United States drawing so many of our young people across the line.

"I wonder if we are not nearer than most people think to the day when the tide will reverse and when Canada's population will be swelled by young Americans coming to Canada in search of the opportunity that goes with the development of great industries."

Visit Athens

ATHENS, Oct. 28.—(Reuters)—Georgios Pantazis, speaker of the Canadian House of Commons, accompanied by Senators Lucien and Thomas Vitar and members of parliament Donald M. Fleming and William G. Weir, have arrived here on a four-day visit.

Release Forecast

INDIANAPOLIS, Oct. 28.—(AP)—Admiral William D. Leahy, 73, expects to give up his job soon as chief of staff to President Truman.

"The admiral has promised to release me this winter," the admiral said. A Navy Day speech, said yesterday.

Increased Costs Send Price Of Tots' Clothing Higher

OTTAWA, Oct. 28.—(CP)—The prices commission, operations of individual firms as nearing the end of its main work, yesterday heard evidence indicating higher prices for children's clothing are almost entirely the result of increased costs.

On the other hand, a survey by the commission of 13 manufacturers indicated that profits on low-priced women's clothes are proportionately heavier than before the war and have contributed, with increased costs, to higher selling prices.

CALGARY INTERESTED IN HI SCHOOL FINAL

CALGARY, Oct. 28.—St. Mary's, winner of the Calgary high school football title, are interested in playing the Edmonton champions in the northern city. It was learned here Wednesday night.

As to the date of the inter-city clash St. Mary's have expressed a preference for Nov. 6, a Saturday. Negotiations, still in the early stages, are continuing.

Varsity Might Drop Hockey and Football

University of Alberta may drop senior hockey and football from campus athletics during the 1949-50 term.

This was starting news coming from Prof. Murray Van Vleet, director of physical education. In an interview with The Bulletin Tuesday, said he:

"It is a committee of athletic and student officials recommending to the University Athletic Board that Alberta discontinue its varsity football and hockey teams next year, then, in all probability, we will do just that."

TO INVESTIGATE

At the athletic board meeting Monday Van Vleet advised the setting up of such a committee. And Anderson and Gordon Melvins student senate (if an Edmonton team were there, then, in all probability, we will do just that.")

INCLUDED ON THE COMMITTEE

Included on the committee will be representative of the UAB, the student body, and the faculty. Managers of hockey and football, student athletes, and various inter-collegiate organizations.

The problem is essentially one of finance. Since the Edmonton Varsity have become the top hockey attraction here the Golden Bears have been having a financial problem. Football has paid for itself in the past but now Prof. Van Vleet feels that if an Edmonton team were there, then, in all probability, we will do just that.")

Thursday take-offs and try this one for size meers, Mortimer, Tomick, et al: despite gloomy reports to the contrary you basketball folks will still get to play in the stock pavilion and on a floor financed by the Exhibition Association... The late Harry Shaw Jr., when a popular pro at the Highlands course, had what it took to get something hot in his competitive days... For some time—in fact until Henry Martell began to snipe away at the mark—Shaw held the Highlands record of 67 wickets... Eventually Martell lowered this to 65, a performance matched this past summer by the incomparable Bobby Locke of South Africa.

A great-grandson of Hugh (Whiskers) Adams, a white-and-green star who came this way a decade and more ago?

Is There a Tam O' Shanter in the Hole?

The largest curling club in the province probably is the one operating at the University of Alberta... Close to 70 rinks have signed to play this season, scene of the action being at the University of Alberta... Whatever became of the artisans who used to turn out those durable hockey sticks, the kind that literally wore out...

"I Blowed Dat Heat" ... Bailey

Early season headliner at Winnipeg when she went the mile and one-sixteenth in 1:43, equalling the track record, Topsy Lass is making it to the winner's circle the odd time down Chicago-way... She topped a race at Hawthorne, repeated the other afternoon when the mile moved on over to Sportman's Park... Stablemate Fort Garry also is quartered at Sportman's, with Paul ("I Blowed dat heat") Bailey, well known in these parts, doing the riding when the Kilroy changes go to the gate... Whatever became of those plans to get the Junior Hockey loop off to a late-October start... The Kilroy, this city's gift to eastern Canada track circles, has written a new mark into the Quebec record books, her time of 1:29 seconds for the 80 metres hurdles recently getting the official okay as a provincial mark... Around the Westway, the Canadian pack whirl Lethbridge's Grant Hall, left wing on Leafs' top line along with Steve Latouki and Roy Heximer, who have come from hospital... However it likely will be another month before the knee injury which took him to the hospital place to play again... Is there any truth in the report that Regina Caps are having some trouble getting Mel Hill's final clearance papers?

Whatever became of John Montgomery, golf's man of mystery, who once beat "Bing" Crosby in a fairways best last using no more than a shovel, rake and basket hat?

Turf 'FBI' Uncovers 'Ringer' at Montreal

NEW YORK, Oct. 28.—(BUP)—Spencer Drayton, president of the Thoroughbred Racing Protective Association, announced Wednesday that his Quebec branch has uncovered a 'ringer' case in which the horse Don't Delay was run under the name 'Lid' at the Blue Bonnets track in Montreal, Aug. 28.

Don't Delay romped home first in a 12-horse claiming race and paid \$12.50 to win. He spent as little as 15 to 1 in the betting. He was broken down to better than 4 to 1.

Drayton said that Robert A. K. of Montreal, who had been running a series of "All F's" at Charles Town and Del Air.

East Takes of Grid Loop Without Argos

TORONTO, Oct. 28.—(CP)—This is the time of year for the annual crop of Toronto news items in the eastern Canada senior football season—1948 runs true to form.

Ann Stokus' former footballer who now covers the game for the Toronto Star, reported that the city was under a serious lack of a new league which would leave the Toronto Argonauts out in the cold.

"Most of it is just wishful thinking," he said, "but I do think more than just talk in the air."

DENNIS ROWLEY... Ace pass catcher.

OS BARRY... Irish flying wing.

Experts Pick Alvin Dark NL Rookie

NEW YORK, Oct. 28.—(AP)—Alvin Dark, brilliant young shortstop of Boston Braves, was voted today the National League's best NL rookie of the year.

It was a virtual landslide for the 25-year-old native of Lake Charles, La., in a country-wide poll conducted by the Associated Press.

Dark romped in with 160 out of a possible 205 votes.

Only four other players received consideration from the baseball experts: Richie Ashburn, Philadelphia outfielder, was a second-round pick by St. Louis.

Dark gained the distinction by his fine batting in the field, his speed and his colorful all-around play in 127 games, the former all-around athlete at Louisiana State University scored 22 to finish third among the regulars.

TWO-TIME WINNER

It was the second time in his brief career that Dark has been acclaimed as the No. 1 freshman of his league. Signed by the Braves in the summer of 1946 for a reported \$40,000 bonus figure, Dark was sent to the Milwaukee club of the American Association the following year.

Sports Forum Repeats Friday

Jack Reilly came up with a good change of pace on his Recreation Commission Sports Forum program for Friday.

He will lead off with a film called "Suez," depicting the "many art of boxing." Five other movies—"Sports Illustrated, Devil Driver, The Sports Illustrated, and a Ring Song"—will follow.

Grego Scores Sixth Round TKO

MONTREAL, Oct. 28.—(CP)—Johnny Grego Wednesday night won a sixth round technical knockout over Gaby Perla when he failed to answer the bell. The Canadian, wearing a blue and white striped shirt, was knocked out by a low blow to the groin in the sixth round.

Wings Refuse Give Up 'Peg Junior Coach

NEW YORK, Oct. 28.—(CP)—Manager Jack Adams of Detroit Red Wings said Wednesday that the team's first string quarterback Cliff Kulk will be likely to see a lot of action.

For St. Joe's, an all-around back will be handling the ball-punching chores. The all-stars, Bill McNally at halfback and Clu Barry at flying wing, plus Bill Horrie at fullback, make up a powerful attacking unit. Dennis Rowley, at end for the Irish, might be expected to be on the receiving end of some passes.

Hy, the Dopester, when asked for a prediction on this big one, shook his head sadly. "I don't know if one way or the other. It will be tough. The breaks could go either way. The Irish are the first team to get a point will take the game." Maybe!

B.C. Swim Threat Scoffed at by Hart

LONDON, Ont., Oct. 28.—(CP)—Chargers of Percy Norman of Vancouver against the Canadian Olympic Association, including a threat to sue for the return of \$300, were laughed off here last night by Prof. Nelson C. Hart, honorary secretary of the A.A.

Prof. Hart said that the COA never received any such sum from B.C. branch. It drew directly with the Canadian Amateur Swimming Association which contributed \$500 and has promised another \$500. He pointed out that the team manager paid his own expenses to the Olympic Games.

Prof. Hart denied without reservation that (1) Olympic officials stayed in first-class hotels in Britain and attended social functions more often than the athletes (2) That the swim team was told at Montreal en route to the games that its number would have to be cut unless provincial bodies put up more money and (3) That treatment of the swimmers by the Olympic board was "humane".

He added that "Mr. Norman was not with the Canadian team, his remarks can be taken with the proverbial grain of salt. The charge that officials attended social functions more often than did their

athletic charges is childish and untrue."

British Columbia branches of the AAU of C and the CIDA contributed \$2500 to the general fund of the COA. The additional funds which they collected were evidently used for transportation to and from Montreal and for housing, meals and incidentals while the teams were selected and taken over by the COA. These expenditures covered the traveling and housing of many swimmers who came from B.C.

"When the swimming team was selected in Montreal there was no threat to 'cut it down' for any reason. It had previously been agreed that a swimmer would be taken, and several swimmers had been taken. The number that number was excessive, the results at Wembley spoke for themselves."

"The swimming team was well-treated, and if there is criticism it must be within the ranks of the various swimming associations."

Top Hereford Prizes Go to Vermilion Man

Cross Sweeps Boards In Female Classes

J. S. Cross, Vermilion breeder, swept the boards at the annual fall stock show, his entries taking the championship and all first prizes in the Hereford female classes.

Alberta department of agriculture's entry took the championship in the Shorthorn female classes with the reserve championship going to J. M. Knirk, Hawkey.

ANIMAL BRINGS 320

In the sale subsequent to the judging the champion Hereford was sold to Donald Beaman, Jarvis, for \$350, and the reserve champion to C. D. Daniel and Son, Estevan. The four animals offered in this sale netted an average price of \$275.

In the Shorthorn female sale top prize was paid for the reserve championship exhibited by Mr. Knirk. Purchaser was Nelson E. Brown, Lacombe. The champion was sold to Algar Lyneen, Edmonton, for \$320.

Right animals were sold in the Shorthorn female division and brought an average of \$250. Following are completed results:

Red Deer Mental Unit Has Lowest Daily Cost

Total cost per patient-day for Alberta mental institutions was only \$2.04 at Red Deer according to the Alberta public accounts, issued by provincial auditor C. K. Huckle.

When the amount collected from patients and their relatives is deducted from the total cost of operation the Red Deer training school the province pays only \$1.60 a patient-day.

And the Red Deer institution shows the highest costs of any of the province's mental institutions. Lowest net cost per patient day where cost to the province is \$1.17. This is compared with the cost at the tuberculosis sanatorium at Calgary, where net cost per patient day to the province is \$1.45.

Professional care of patients is highest for the mental institution at Red Deer, where it is calculated at 90 cents a patient day and lowest at provincial auxiliary mental hospital at Raymond, where professional care is a modest 37 cents a day.

At the Calgary sanatorium professional care costs \$1.10 a patient day. Kitchens and dining room costs in the mental hospitals does not exceed 47 cents a day. Lowest is at Oliver where 31 cents a day covers these costs.

Under the same heading at the Calgary Th. hospital the costs are \$1.24 a patient day.

During September, deliveries totalled 353,800 barrels of which 71,740 came from 83 wells in Alberta and 81,840 barrels from Saskatchewan's 103 wells.

Men's Club Gets Outline Of CBC Work

Workings of the Canadian Broadcasting Corporation were outlined to members of the McDougall Men's Club at their meeting in the McDougall United Church Wednesday evening.

Speaker was Dan E. Cameron, Alberta manager for the Corporation.

Mr. Cameron traced the formation of the public corporation and said its entry into Alberta was to give listeners here the full benefit of the services of the organization, thereby fulfilling the recommendations of the Aird report on broadcasting.

MEET ALL TASTES
Operating in the public interest, Mr. Cameron said the CBC was obliged to program so as to provide something to meet all tastes. Both the "long hair" and the "live sound" must be catered to.

Talk programs, he said, are the ones which provoke the most listener response, both critical and otherwise.

The organization's policy respecting political talks is one, the manager said, which was worked out by the leaders of the various political parties in consultation with the CBC. Time for political talks is not sold by the organization, he added.

A similar set-up provided over by a national and a local advisory council decided on all regional broadcasts that go on the air, Mr. Cameron said.

WELCOME NEW TALENT
New talent is welcomed on the CBC, Mr. Cameron said but it must be of network calibre. This is determined by a board of independent judges who periodically hear audition records of prospective artists in the western provinces.

An appeal for all members of the club to register their vote at the election day, November 3, was made by President Howard Stubbins, who presided at the meeting.

Former City Editor, Mrs. C. Rudder Dies
Word was received in Edmonton today of the death of Mrs. Charles Rudder, 76, of Vancouver, B.C.

A long-time resident of the city and known to many through her work as Mrs. Rudder moved to the coast city 15 years ago with her family.

She is survived by one son, Harold E. Rudder, of Vancouver, and a daughter, Mrs. Frank Sheldrake, residing in the same city.

Class 42, Yorkshire sow born 1955 to 1956, 1. James Wylie, Vegreville, No. 26282, 2. Paul Churchward, Lloydminster, No. 26283.

Work of Force Is Lauded At Policemen's Annual Ball

Incidence of crime in Edmonton may not be as high as newspaper accounts might lead one to think. This is what guest of honor, Mayor Ainslie, told the aggregate of city policemen and guests at the 10th annual policemen's banquet and ball held in the main dining hall of the MacDonald Hotel last night.

The mayor lauded Chief of Police H. C. Jennings for doing a splendid job and praised the efficiency of Edmonton's police force. He suggested city newspapers paint the true picture of police work in a light better-riding address.

Chief Jennings and Edmonton subdivision RCMP superintendent Noel Coulton were also called upon by Detective Fred Sioane, president of the local police association which sponsored the ball and delivered short after-dinner speeches.

Dancing to Frank McCreary's orchestra followed the banquet. More than 300 were in attendance and participated in festivities.

Heap Big Formal For U Wauneitas

Co-Eds Do Dating and Paying For Varsity Formal Nov. 6

Hustle and bustle is characteristic of the Wauneita Society on the University of Alberta campus these days. Preparations are under way for the annual ball of the society to be held in the Varsity drill hall Nov. 6.

A major on the autumn social calendar, the formal affair is expected to attract some 1,200 students. It's the coeds who plan the event, do the dating and the paying.

Confusion already reigns in the hall and in fraternity houses on the campus. But excitement will not reach a climax till a few days prior to the annual event.

As in former years co-eds are consulting telephone directories, eligible males are being scanned, tips are being exchanged as the girls prepare to secure dates for the Wauneita Ball.

Already members of the Golden Bear football team have received bids to the first formal function of the fall term. Other athletes found the campus will be popular dates for many a co-ed.

Courages for the fellows will be more popular than those for the girls. Mysteriously, from shaggy chrysantheums tied with yards of delicate ribbon to savory creations made from washed carrots, beets and onions will be worn.

Norris Paery's orchestra will be in attendance while guests will be greeted by Mary Morrison, president of the society. She heads the committee in charge of arrangements which includes Marjorie Lee, Peggy Kendrick, Dorothy Husand and Nancy Collinge.

Positions will be reversed the night of Nov. 6. Wauneitas will call for their dates, provide the means of transportation, comment on how sharp their partners appear and see that he has all the refreshments he desires.

Beta Chapter Adopts Pledges

Beta Chapter of Beta Sigma Phi welcomed 12 new pledges after a session of autumn rushing parties.

Mrs. E. N. Craig has been appointed new director of the chapter.

Rushing program was conducted by Mrs. Iona Clark, vice-president; Mrs. Christine Robinson, president; and Miss Eleanor Douglas, chapter convener.

Fashion frolic was held at the club rooms when Miss Alice Gordon and Mrs. Sue Hooper were the sponsors of the "best costumes".

When pledges were welcomed a home of Miss Gordon-Brown.

New pledges include: Miss Kay Hooper, Mrs. Irene Whelan, Miss Mary Manson, Mrs. Marjorie Travis, Miss Bernice Schell, Mrs. Sue Hooper, Mrs. Barbara Gordon, Miss Patricia Rooney, Mrs. Eleanor Clark, Miss Alice Gordon, Mrs. Jean Wright and Mrs. Alice Jones.

152 DP Girls Head For West

TORONTO, Oct. 28.—(CP)—A group of 152 displaced girls are heading for western provinces to work as domestics after a final screening at nearby Ajax by the National Employment Service.

All the girls originally came from the Ukraine and Poland, but were taken from their homes by the Germans and forced into work camps inside Germany. After liberation they lived in displaced persons camps until they got this opportunity to come to Canada.

"When I got this chance to come to Canada I jumped at it," said a pretty 22-year-old girl called Ida.

One of the few girls who can speak English, Ida is interpreter for the whole party. Although she studied medicine for two years in a displaced persons camp, she pre-paring to work here as a domestic to help in Germany.

Through a system of interviews, each girl's characteristics, abilities and temperament are carefully matched with requirements of the employer. When the girls are placed language classes will be arranged.

There were 50 tables and prizes were won by Mrs. W. J. Coleman and Mrs. P. McClellan.

Mrs. W. Clark won the door prize donated by Mrs. W. W. Kadie, Mrs. Miller and Mrs. Oliver.

Proceeds will be used for comfort for needy hospital patients.

New National Catholic Paper Appears This Week

A new Canadian Roman Catholic weekly newspaper, to be published in English, will make its debut this week.

Publisher of the new weekly is Robert W. Keizerlingk, president of the Canadian Press, which publishes the Quebec edition of the Canadian Register, and the London, Ontario, Catholic Record.

Announcement of beginning of publication followed three months of preparation of staff, organizing a printing plant and getting new press.

The magazine, to be known as "The Register," takes its title from Pope Pius XII's phrase, "The Register of the King."

Publication Keizerlingk has had an outstanding journalistic record.

Russian born, he left the Soviet Union with his parents after the revolution, and was educated in Japan at the University of British Columbia and at Zurich, Switzerland.

He became European chief of United Press, and later managing director of British United Press in Canada.

In 1945, he joined the Catholic Church in Canada, and moved to Montreal.

Among contributors to the En-

sign will be Ottawa Journal Associate Editor Gratian Olszky and Montreal Standard sports editor Andy O'Brien.

Publication Keizerlingk hopes, too, to gain circulation from non-Catholics.

Said he: "You don't have to be a Christian Scientist to appreciate the Montrealer."

Death Toll In Train Wreck Three
VIRCHVILLE, O., Oct. 28.—(AP)—The death toll of a truck-train crash in an early morning fog rose to three late yesterday.

Two trainmen were killed in the crash and the third victim, Gregory Karvane, driver of the steelhead truck, died several hours later in hospital.

French Miners Heed Battle Call

Troops Move to Take Over Strikebound Miners

1 T-FRENCH MINERS—Page 17
PARIS, Oct. 28.—(AP)—Wailing sirens called French miners to mobilize for battle today as troops moved into the pro-Communist Pas de Calais area to take over strikebound northern miners.

A government announcement said a large force of troops and a large number of police had encircled the area and were closing in.

An estimated 50,000 troops took part Monday when mines in the eastern section of the northern coal fields were taken. Today's movement was in the western section of the northern fields.

Pickets at Carvin, near Lens, evaded six pits without incident although sirens wailed throughout the early morning.

An electric plant and coke oven seized by police in the Lens region were inspected by engineers and declared ready for operation. Security services planned to begin work immediately, it was reported. Two-thirds of the striking min-

FREE 'SITTERS' ELECTION DAY

HOLYOKE, Mass., Oct. 28.—Mothers of young children will have no excuse for failing to vote here election day, Nov. 2. Baby-sitting services are planned by the Young Republicans Club of Holyoke and a combined AFL-CIO union committee.

Mothers are employed in the northern fields. The area has been practically without gas and lights since the strike over wages began almost four weeks ago.

MAINTENANCE HIT
The strike tide also engulfed France's main ports and tied up 200,000 tons of coal, as Communist labor leaders ordered a land-side blockade of all fuel imports.

Dockers stopped unloading 22 ships in seven ports and the government was reported considering ordering troops to unload the vessels.

Woman Not Guilty Because of Insanity

MELVILLE, Sask., Oct. 28.—(CP)—A verdict of not guilty because of insanity was returned yesterday by a court of King's bench jury in the trial of a 34-year-old mother charged with the seven-year-old razor slaying of her son at the family's farm, Sask., farm home.

Committed to the mental hospital at North Battleford, Sask., since the slaying of seven-year-old Wilfred, waited till her father had gone to the farm home in the district Jan. 20, 1940. Mrs. Pedhorodetzky was 70 miles northwest of Regina.

Mrs. Pedhorodetzky had grabbed a razor and slashed the boy's throat. He died almost instantly. She attacked her next, Olga said, but her scream brought her father back to the house in time.

She was ordered by Judge Adrian Dolan to be returned to North Battleford but it was expected an order-in-council authorizing her discharge will be forthcoming in a few weeks. She received the verdict with the same overwrought expression she had worn through out the trial.

Testifying yesterday, the second child, Olga, now 14, told how she was learned yesterday.

PUBS TO OFFER BABY SITTERS

BUFFALO, N.Y., Oct. 28.—(AP)—American Federation of Labor bartenders here may have babies instead of time on their hands Nov. 2—United States election day.

Charles O'Neill, local secretary of the union, announced Tuesday night that members and their wives are offering to be free baby sitters during voting hours, when the bars will be closed.

But O'Neill made one catch plain. "The boys won't all get out a Republican vote," he said. "No, not even for a price."

53rd Session Set
CALGARY, Oct. 28.—(CP)—The 53rd annual convention of the Western Stock Growers Association will be held in Calgary Jan. 6 and 7, 1949, it was announced last night. This year's convention was held at Lethbridge, Alta., last January.

The Inside Story of a Good Egg

To really know how good an egg is you have to know what's inside. How can you know that? Very simple. Just look for the grade on the carton.

Grading is done by experts who look inside each egg with a strong light and compare what they see with government standards. Eggs that meet the standards are labeled Grade A, Grade B, and so on. Eggs whose quality does not measure up are discarded. Grading is your most reliable guide to quality.

Every egg we sell is graded. And to protect their quality we take special care to keep them cool. That's why you will find eggs in the refrigerator at the store.

Grading plus special care means you can be sure of quality eggs every time at Safeway. Try them.

GUARANTEED MEATS

Try any cut of Safeway meat, cooked the way you prefer it. Judge its tenderness, juiciness and flavor. If it fails to please you—for any reason whatsoever—we will give you all your money back.

Hallow'een Goodies Fun to Make and Eat

Not Snips 'n Snails, Witches Brew But Sugar and Spice and Everything Nice

By B. A. Baker

All Hallow's Eve, that delightful, shuddery night, is approaching again, with everyone ready for the annual fun and fright party.

Play the old traditional games—pin the donkey's tail, spin the bottle, bob for apples!

As for decorations, you can let your imagination go berserk with pumpkins, jack-o'-lanterns, witches, orange and black streamers and favors everywhere.

When it's time to eat, simple, spicy, well-loved foods are the best. And you can carry out the color theme of black and orange on your table too!

There's three ways to get hot, spicy fingerbread, or doughnuts and cider. Nuts and apples always accompany Hallow'een, either to give away to young guests, or to serve to your guests. What with candy so expensive, give away popcorn balls. If you can bear to part with these goodies. Plain spiced sugar cookies, ginger snaps, are easy to cut into Hallow'een shapes. Make brown bread sandwiches filled with pumpkin butter, and serve them with baked beans, when your guests are cold in cold, hungry and tired from their frolic.

Overpopulated at harvest time, pumpkin does double duty at Hallow'een. Temp your guests with pumpkin pie or tart. There's a Hallow'een menu for a buffet supper party that will please youngsters as well as grown-ups. It's guaranteed to appease the restless spirit. O'w's nest rabbit, chilled apple sauce or carbonated beverage, fruit salad in golf-bag-shaped orange shells, warm apple gingerbread topped with lots of whipped cream.

ORANGE FEA SALAD
Scrape inside out for oranges. Leaving just the skin and pulp, slice. Soak in cloves for 24 hours and mouth. Paten slice of marshall. Soak in each side with toothpick, for ears. Trim with potato chips.

DE LUXE PUMPKIN PIE
2 large eggs, 2/3 cup sugar (depending on taste), 1 teaspoon ginger, 1 teaspoon cream, 1/2 cup pumpkin, 1/2 cup raisins (optional), 1/2 cup sugar, 1/2 cup cooked or canned pumpkin, 1 cup milk, 1/2 cup light cream, 1/2 cup nutmeg. Sharp cheese, ginger snaps, walnuts, etc. are optional.

NOTE: If desired, use 1/2 cups canned evaporated milk instead of the 1/2 cup of bottled milk and 1/2 cup of cream. Beat the eggs in a mixing bowl; add the sugar, spices, and nutmeg; mix well. Add the milk or milk and cream and stir until the mixture is smooth. Fill a pre-tyled 9-inch pie pan with the pumpkin mixture. Bake in a hot oven (450 deg. F.) for 10 to 15 minutes. Reduce the heat to moderate (350 deg. F.) and continue to bake 40 minutes, or until firm and crust is well browned.

NOTE: If desired, 1/2 teaspoon nutmeg may be added to the mixture; also, 3 eggs may be used instead of two. Or, for a less spicy flavor, use only 1/2 teaspoon of cinnamon and omit the cloves. A mixture of brown and white sugar may be used, too.

If desired, garnish the pie with grated cheese, sprinkled a ring around the filling, just inside the crust. Strips of canned sausage may be used for garnish, too, and whip cream is always a favorite.

Use a size short pastry.

PARTY COOKIES (4 dozen cookies)

One-half cup shortening, 1/2 teaspoon salt, 1/2 cup vanilla extract, 1 cup sugar, 1 tablespoon milk, 4 egg yolks, well beaten, 1/2 cup sifted flour, 1/2 cup baking powder, 1/2 cup nutmeg, chopped.

Combine shortening, salt and vanilla. Add sugar gradually, mixing well; then beat in the milk. Add well beaten egg yolks and mix thoroughly. Sift flour with baking powder and add to the shortening mixture. Chill, and then shape into balls and place at least an inch apart in a well greased glass baking pan.

1/4 cup sugar, 1 tablespoon butter, about 4 quarts popped corn.

Cook together molasses, sugar and butter to 250 degrees F., or until a few drops of syrup form a very hard ball in cold water. Remove from heat and pour over popped corn, stirring constantly. With buttered fingers, shape into balls.

ARANGE PUMPKIN PIE

Sweeten the pumpkin pie mixture with 1/2 cup of brown sugar, 1/2 cup white sugar, 1/2 cup orange juice, 1/2 cup white sugar, 1/2 cup orange juice, 1/2 cup white sugar, 1/2 cup orange juice.

Use chocolate frosting and orange lemon frosting, limited orange. Put spice to 1/2 teaspoon ginger and 1/2 teaspoon maple. Add the grated yellow rind of a small orange. This is very nice when garnished with strips of home-made orange peel.

PROPHET CAKE (12 eggs)

3 cups sifted cake flour, 3 teaspoons baking powder, 1/2 teaspoon salt, 1/2 cup butter or other shortening, 1/2 cup sugar, 3 egg yolks, 1/2 cup vanilla, 3 egg whites, 1/2 cup sugar, 1/2 cup cinnamon, 1/2 cup cloves, 1/2 cup molasses, 1/2 cup orange juice, 1/2 cup white sugar, 1/2 cup orange juice.

Cook the eggs for 30 minutes in water just under boiling point. Cook lightly, peel and use while still warm. Mix molasses together until blended and pull the chopped into small pieces. Heat the molasses in a moderate oven (350 deg. F.) until crisp. Cut the cheese into dice and put it with the milk in a double boiler. Cook, stirring occasionally, until the cheese is melted and the mixture is blended into a smooth, hot thick sauce. Stir in the seasonings and the beef. Line a chafing dish with the heated molasses, pour in the molasses and place the eggs upright in the center. Bake for 10 minutes. The cheese should be eaten piping hot, plain to keep it hot in a chafing dish or double boiler and serve it as soon as possible after it is cooked.

PUMPKIN TART FILLING OR CUSTARD

Follow the recipe for pumpkin pie, but instead of putting the mixture in a pre-tyled shell, pour it into custard cups or into a shallow pan. Bake in a second pan containing hot water and bake in a moderate oven (350 deg. F.) about 40 minutes or until firm. Vap to fill baked tart shells or serve warm or cold as custard, or serve with chilled fruit.

MOLASSES POPCORN BALLS (Yield: 3 dozen medium-sized balls)

One and one-half cups molasses, 1/2 cup sugar, 1/2 cup orange juice, 1/2 cup white sugar, 1/2 cup orange juice.

Cook together molasses, sugar and butter to 250 degrees F., or until a few drops of syrup form a very hard ball in cold water. Remove from heat and pour over popped corn, stirring constantly. With buttered fingers, shape into balls.

Meetings Open Election Campaign

Aldermanic, School Board Candidates Are Speakers

Opening guns in the annual civic election campaign were fired Wednesday at two official meetings with only a muffled roar.

Twelve candidates contesting five aldermanic seats on the city council spoke before small audiences in the McLeod High School and Calder school.

There is no majority contest this year and school board vacancies have been filled by acclamation.

HOUSING URGED

Burning issues scarcely seemed in evidence from the first campaign meetings, although housing was stressed the need for energy action to solve the acute housing shortage.

Independent candidate Percy J. Gwynne lashed at the last civic election administration for lack of appropriate action to deal with the housing shortage and for pleading lack of materials for utility extensions such as water mains.

Mr. Gwynne pointed out that a private utility has been able to obtain sufficient 16-inch pipe for gas mains from Viking to Edmonton and Edmonton to Red Deer.

Seeking re-election as a Citizens' Committee candidate, Fred J. Mitchell said delays in ordering steel and other equipment has cost the city a great deal of money.

ASK BETTER STREETS

One or two other candidates advocated more paving and gravelled streets.

Jack Hancock was chairman of the McLeod High School meeting with J. C. Brackett chairman at Calder school. Both candidates had it easy with not a single question asked speakers at Calder and only two or three goodhumored queries at the McLeod gathering.

There were 36 in attendance when the McLeod meeting opened, a majority being those who remained after a community league meeting. The audience divided to an even dozen before the meeting was half over.

There were 25 at the Calder gathering.

F. J. Speed, former perennial of Edmonton civic election campaigns, failed to show up to his name.

FAILS TO SHOW UP
After speaking at Calder he failed to show up at the McLeod gathering.

Following is a summary of the addresses given by the 12 candidates.

Percy J. Gwynne, Independent: The City of Edmonton has ordered a stop in the use of water in the past year on the pretext that it is too expensive to obtain pipe.

An Edmonton private utility company has been able to obtain sufficient pipe to run a 16-inch main from Viking to Edmonton and also to run a main pipeline from Edmonton to Red Deer.

In the field of housing, a group of Edmonton business men have said they will build 3,000 homes in the city and supply the city with them if the City of Edmonton cannot.

Can anything more flagrant in efficiency of operation be brought home to you?

The same council which opposed the building of homes by the government because chimneys didn't go down to the ground and because they didn't have basements in the underground building of 12 by 20 shacks without sewer or water.

Nothing has been done to speed up dispersal of 5 p.m. to 6:30 p.m. crowds on the transit system which is becoming a civic goal.

It is time to wake up Rip Van Winkle and give the city a good housecleaning.

SAYS 'NO REAL ISSUE'
Ald. A. Hunt, Independent: There is no real issue before you in this election campaign. I come before you this year as a candidate recommended by the Citizens' Committee as anyone upon their slate.

In the five past elections they have recommended me to you and when informing me of excluding from the slate a few short days ago they said: "The members of the Committee are all conscious of your long and faithful service."

In this election, therefore, you will not be choosing between parties or policies; you have only to make your selection of individual candidates according to your judgment of who will best serve you on the council. If you still place any opinion on the opinion of the Citizens' Committee, I come to you, as does my friend Ald. Sid Rowett, as someone recommended at this present slate.

Now you have to do is make up your minds as to who will best serve you in carrying on the business of the city. I have been 11 years on council.

ALDERMANIC 10 YEARS
Alderman Sid Patten, Citizens' Committee: I have served the citizens as an alderman for 10 years and will abide by their judgment in this election.

I have never made any promises to you as to what I would do or not do. I have always told you I would take my assignment as my sacred duty, seriously, that I would try to act at all times for Edmonton as Edmonton.

During the period of my service, I have served on many important committees besides completing 17 years on the Hospital Board for building and lands committee.

During the last 10 years, the debts have been created in other parts of the world but city council refunded and paid off debentures until the capital debt of approximately thirty-five millions in 1937 to thirty million dollars in 1946.

I think it is my duty to warn you that for the next number of years the capital debt of this city is

is called the slams and the shacks are a disaster. The people should be given something better.

With Edmonton's natural resources so plentiful, I can't believe there is no material for housing.

The crowded, unsanitary conditions cause delinquency. Ald. Sidney Rowett, Independent: Council has been subjected to a certain amount of criticism. Some is fair and some rather exaggerated. This is a very healthy sign. It shows the people have a healthy and very active interest in the development and welfare of their city.

The city council and commissioners had a well-thought-out plan to spend about \$14,500,000 on public building and extension of utilities over a period of five years. We are preparing for thousands of soldiers who will make their homes in Edmonton. There was no normal return to peacetime conditions.

Oil was discovered in the district bringing a tremendous influx of people, requiring many more houses and big extensions to our utilities.

SAYS MONEY SAVED
Ald. Fred J. Mitchell, Citizens' Committee: In presenting my case to you I am assuming you have read the annual review of the affairs of the city for the first part

of the year as presented in the press on Saturday last.

You will realize how much money was saved by placing orders for street railway equipment, telephone water and power equipment. Had we waited until we were right up against it for power and water before ordering, we would have paid much more for the goods and services that go to make up the additions to our public utilities.

We know only too well what it means to have more streets paved and have planned ahead for all that can be done with the materials available. I am satisfied we did a good job under circumstances that were very difficult. But I am not satisfied that all that can be done will be done unless we keep planning ahead and asking for re-estimates.

All the delays in ordering steel and equipment caused by indecision have cost this city a lot of money due to rising costs. Criticism founded on facts is valuable not when it comes to holding back ordering of materials and delaying construction it is costing the city money. I am all for having work done without waiting for all the other alternatives that might be considered by those who have not made a study of the matter.

See The Bendix Laundry Team

At EATON'S in Edmonton

● The Bendix Automatic Home Laundry, and ● The Bendix Dryer.

Made in Canada

See these two labor-saving Bendix machines being demonstrated at EATON'S this week. . . There will be a Bendix factory representative in attendance to answer any questions you may wish to ask. You'll see for yourself how the Bendix Home Laundry Unit washes, rinses and dries clothes in one operation. . . How it saves hot water and soap. . . How easily it can be installed in kitchen or basement. And the Bendix dryer is built to match! It dries the average wash in from 20 to 30 minutes! Both units are counter height to give added working space!

Bendix Washer \$299.50

Bendix Dryer \$289.50
